### My Lucky Day!

Don R. Williams

Garland Chapman, principal of Robert E. Lee High School in Midland, relates an experience during his days as a grade school principal. A little second grade boy started out the morning by falling from the school bus and hitting his head on the concrete— required three stitches to close the gash! Recess proved a little unfortunate as he and another boy ran together. Result: Two of his teeth were loosened, and a lip was busted. During the afternoon he fell and broke an arm. Mr. Chapman decided to take the boy home immediately before anything else could happen. They were riding together on the country road toward the boy's home when the principal noticed the little guy clutching something in his hand.

"What do you have?", the principal asked.

"A quarter," answered the little man. Then he smiled, and with an excited voice exclaimed, "You know, Mr. Chapman, I've never found a quarter before. This is my lucky day! !"

So much is dependent NOT on how the day looks at US, but on how we look at the day. Some people miss seeing the roses behind a broken fence. Every day has its problems but faith can turn them into blessings.

Each beautiful butterfly looks rather uneventful at its beginning—but what a change a day makes.

### MAP OF THE WORLD

A father wanted to read a magazine but was being bothered by his little daughter, Vanessa. Finally, he tore a sheet out of his magazine on which was printed the map of the world. Tearing it into small pieces he gave it to Vanessa and said, "Go into the other room and see if you can put this together." After a few minutes, Vanessa returned and handed him the map correctly put together. The father was surprised and asked how she had come finished so quickly. "Oh," she said, "on the other side of the paper is a picture of Jesus. When I got all of Jesus back where He belonged, then the world came together."
